CO-RE-GA

THE PERFECT ADHESIVE FOR DENTURES

Because of its blandness—purity
and longer lasting effectiveness
—CO-RE-GA is best for your
prosthetic patients.

FREE DENTISTS' SAMPLES ON
REQUEST—(Please use your
card or professional stationery)

CO-RE-GA is not advertised to the public.

WILSON'S
CO-RE-GA

COREGA CHEMICAL COMPANY

208 St. Clair Ave., N.W. Cleveland 13, Ohio

FOR ALL WHO USE CEMENT IN LARGE QUANTITY

8/12

Package

S.S. WHITE ZINC CEMENT IMPROVED

FREE

A large trial bottle of powder and a bottle of liquid are included free of charge in the 8/12 Package of Zinc Cement Improved.

8-ozs. ($\frac{1}{2}$ lb.) Powder, No. 12 tooth yellow

120 cc Liquid

1 large trial bottle Powder No. 12

1 large trial bottle of Liquid

Price... **\$9.25**

Powder only (8 ozs.) .. \$5.00

Liquid only (120 cc) .. 4.25

Prices subject to change without notice.

Orthodontists, crown and bridge workers, and all who use zinc cement in large quantities will find an attractive price saving in the 8/12 Package. In addition to a quantity rate on the 8-oz. bottle of powder and 120 cc bottle of liquid, a generous trial bottle of powder and liquid are included *free*.

If you wish to try Zinc Cement Improved without cost or obligation, ask your salesman for a 8/12 Package. Use the trial powder and liquid; if these do not give complete satisfaction, full credit will be given upon the return of the remainder of the large powder and liquid intact.

THE CALENDAR

NOVEMBER 15

An all day meeting sponsored by the Illinois State Dental Society and the Chicago Dental Society will be held on November 15. The program will include a discussion on "Dental Health Security in the United States" by Senator James E. Murray of Montana.

September 12th: Englewood Branch: Regular monthly meeting. Hayes Hotel. Dinner at 6:30 and scientific session promptly at 8:30 p. m. Dr. Stanley D. Tylman will discuss "The Application of Acrylic Resins in Restorative Dentistry."

September 13th: Chicago Dental Society: Annual Outing to be held at Westward Ho Country Club, North Avenue and Wolf Road. A special feature—first awarding of The President's Cup—will be added to the regular attractions of golf, horseshoes and cards. Tickets are \$5.00 and can be purchased at the Club. There will be an abundance of prizes—come out and win one!

September 19th: Chicago Dental Society: Regular monthly meeting to be held in the Red Lacquer Room of the Palmer House. Dr. Balint Orban, Professor of Oral Pathology and Research at the Chicago College of Dental Surgery, will lecture on "Diagnosis and Treatment of Periodontal Diseases."

September 20th: Delta Sigma Delta: Chicago Auxiliary Chapter Golf and Outing Day to be held at the Medinah Country Club. Dr. Russell Boothe, Chairman, Longbeach 1283.

Chicago Dental Society Inaugurates 1944-45 With Two September Events

Sports lovers in the Chicago Dental Society will have the opportunity on Wednesday, September 13, to demonstrate as well as describe their athletic abilities at the Westward Ho Country Club. L. V. Stephenson, Chairman of the Sports Committee, has been diligently selecting an abundance of prizes so that the more proficient will have substance to carry away for exhibit purposes. In fact so many fine prizes have been secured that the less proficient may be able to convince their families that they have hidden talent by the trophies they will take home.

PRESIDENT'S CUP

Featured among the golf prizes will be the President's Cup to be awarded this year for the first time to the low gross golfer. Competition should be keen to gain the possession of this trophy for the first year and to have the first name engraved upon it. There will be golf prizes based on eighteen-hole competition and similar prizes for the members with the stamina to go thirty-six holes. There will be a horseshoe pitching tournament under the direction of a Y.M.C.A. physical director. The boys who can toss the ringers will find themselves amply rewarded. The athletic director will conduct games for the non-

golfers throughout the day. The Club is located at North Avenue and Wolf Road. Tickets for the day's activities and the dinner are \$5.00. Dr. Stephenson gives assurance that, if you cannot bring your own foursome, plenty of company for singles and doubles will be available at the first tee.

DR. ORBAN

Lest the membership think the society is more interested in the body than in the mind we hasten to announce that there will be a September monthly meeting featuring Dr. Balint Orban, one of Chicago's most prominent periodontists, who will discuss "Diagnosis and Treatment of Periodontal Diseases." Harold Hillenbrand, chairman of the Monthly Program Committee, states that Dr. Orban expects to disprove the claim that pyorrhea is incurable and will submit scientific evidence to prove his point. Treatment of various periodontal diseases will be considered, although much of the discussion will center about diagnosis because successful therapy is based on the correct recognition of the pathological conditions. The meeting will be held Tuesday evening, September 19, in the Red Lacquer Room of the Palmer House.

Story of the Chicago Crime Commission

Reduction in Racketeers Preying on Health Professions

By 1922 reports of Chicago Crime Commission observers assigned to the Cook County jail recited a sordid story of riots among inmates due to overcrowding, unsanitary conditions and lack of discipline. Some of the rioting was so serious, according to reports, that hot water was sprayed on the rampaging inmates through fire hose. Criminal Court statistics showed a steadily increasing total of untried cases and verified the overcrowded condition of the jail with defendants waiting to be tried.

COURT JUDGES INCREASED

The Chicago Crime Commission took immediate steps to correct the evils found. Various public officials were contacted; conferences were held and arrangements made for a concerted program of rectification. The result was a special appropriation for 1,000 more policemen; assignment of eleven more judges to the criminal courts; drafting of high-class lawyers to serve as prosecutors in the added courts; agreement on a thorough sanitation program in the jail and the appointment of a new jail warden.

Improvement followed quickly. The prisoners awaiting trial in the Cook County jail dropped to 344, the lowest total of record for twenty years. The jail was scrubbed clean with soap and water. Rioting ended with the appointment of a new warden. Numerous racketeers who had preyed on employers were convicted and court calendars in the criminal court relieved of many old pending cases.

SOLICITORS ELIMINATED

Among the hundreds of complaints made to the Commission by victims of criminals were many from business and

professional men, mostly physicians and dentists, who had been solicited by various fakers, confidence men and racketeers for contributions or memberships to or in assorted schemes and promotions. Such solicitors generally used the name of some judge or other public official as a 'come on' and by inference conveyed a promise of political good will to all who contributed; paid for advertising, membership or bought tickets. The prospective victims were advised to ask the solicitors to give their names, addresses and telephone numbers or obtain the approval of the Chicago Crime Commission. Prospective victims who followed the Commission's advice reported that the solicitors made a hasty exit and never came back. None of them came to the Commission for endorsement. The Police Commissioner and numerous public officials issued warnings against such bogus solicitors.

The Commission is not a part of any government, state, county, or city subdivision. It is not endowed; does not share in "tag days," or other fund drives. It is supported solely by voluntary contributions of public-spirited citizens who recognize its civic value.

Make contribution checks payable to Chicago Crime Commission and mail to any member of the Committee, Chicago Dental Society, 30 North Michigan Avenue.

Contributions to the Chicago Crime Commission are deductible from Federal Income Tax. Signed,

JOSEPH B. ZIELINSKI,
ROBERT I. HUMPHREY,
ROBERT G. KESEL, *Chairman.*

Dentists Urged to Combat Antivivisection Measure

The Health Committee of the City Council is now considering a proposed amendment to the Municipal Code (Sec. 98-34) which would repeal the present provision for the release of unclaimed, impounded dogs to the medical educational and research institutions and hospitals of our city for the good of mankind and the increase of knowledge relative to the cause, prevention, control and cure of disease.

The continued availability of dogs from the Municipal Animal Shelter is vital to the early and uninterrupted solution of medical war problems under investigation in Chicago by directive from the Office of Scientific Research and Development representing the United States Government. These researches on shock, hemorrhage, blast injuries, war gases, head and chest wounds, malaria, and combat aviation hazards will effect a further reduction in the morbidity and mortality of our fighting men from wounds and disease.

Animals released from the Shelter also enable the medical and dental schools of the city to offer more efficient instruction to their students most of whom will shortly minister to the men and women of the Army and Navy as officers of the Medical and Dental Corps of the Armed Forces.

Animal experimentation, of course, has been responsible for a highly important part of the knowledge employed in modern medical and dental diagnosis and treatment.

Recent intensive propaganda against animal experimentation by one Chicago newspaper has created doubt in the minds of some Councilmen regarding the value of animal experimentation. All members and friends of the Chicago Dental Society are therefore urged to communicate with the Health Committee of the Council (listed below) by interview, telephone, letter, or postcard and recommend that the interests of our fighting men, the home front, and true humanitarianism require the retention of the present provision of the Municipal Code governing the disposition of unclaimed, impounded dogs. Since the hearings of the Health Committee on this proposed legislation will be held shortly, prompt action is imperative.

Members of the Health Committee of the City Council:

<i>Alderman</i>	<i>Ward No.</i>	<i>Address</i>	<i>Phone</i>

NEWS OF THE BRANCHES

NORTH SUBURBAN

Michael Pauly, formerly of the North Side, and recently retired from the Army on a medical discharge is now practicing in Hubbard Woods. He spends part of his time at the Children's Memorial Hospital. . . . George Howell has moved from Fort Sheridan to a new post near Detroit. . . . Bob Lasater spent a recent week-end visiting his parents in Tennessee. . . . Dick and Mrs. Smith are vacationing at Phelps, Wisconsin, while the boys, Richie and Bob, are in camp near Estes Park. . . . Lt. (j.g.) C. L. McArthur sends greetings from the central Pacific through Rus Johnson. Rus says that Mac is spending his spare time developing two things, his sun-tan and golf game. He has worked the latter down to 95 so far. . . . Rudy Seidel, located at Gunter Field, Alabama, has been promoted to Major. . . . Lt. (j.g.) Herman Kelder is stationed at San Diego, California. . . . Pete Mundell, Jim Keith and Eddie Baumann spent Wednesday, August 9, at Melford Zinser's summer home at Lake Delavan. . . . Baumann is away to spend a week in Montreal and Quebec. . . . O. B. Kibler expects to go muskellunge fishing around Labor Day and his intentions are so earnest that already there is talk going around about a Fish Dinner when he returns. . . . The June and July issues of *The Dental Digest* carried an article on the Labial Frenum written by Todd Dewel. Todd recently spent his vacation rather quietly at home working in his garden. . . . Al Bushey and his family are vacationing in northern Colorado. . . . Zenas Shafer is visiting his parents in Cobleskill, New York. . . . The date of the Chicago Dental Society Annual Outing is September 13. The place is Westward Ho Country Club which is near North Avenue and Wolf Road. While golf will be the principal interest, there will be other competitive sports and games under pro-

fessional supervision. A special feature will be a Horseshoe Pitching Tournament. Prizes will be numerous and besides all this, Lynn Stephenson, the Chairman, has promised a good dinner.—*Waldo O. Urban, Branch Correspondent.*

NORTHWEST

The time for relaxing is about over with the coming long week-end. Labor Day usually means back to work to recoup the old bankroll—this vacationing sure depletes the exchequer. . . . Met Lt. Romuald Walczyk the other day. He is looking fit after finishing a month's training with a Marine amphibious group. . . . Morrie Bernards joined his family at nearby Diamond Lake for a few weeks. . . . That ace raconteur Larry Peacock not satisfied with his four day a week office routine decided to eliminate the working end altogether and is spending a couple of weeks at his estate in Twin Lakes. . . . Iver Oveson says he is going to sit home and rest for three weeks. A great idea if you can get away with it, Iver, but Mrs. Oveson may find many ways to fill your hours of supposed leisure. . . . M. R. Butkin is enjoying his stay at Crivitz, Wisconsin, learning the elusive habits of the big fish that are just too wary to fall for his special bait. . . . President-elect Joe Zielinski is breathing the pollen free air of scenic Door County in an effort to escape that perennial irritation. . . . Sol Burnell rested for two weeks recuperating from the recent heat wave. . . . Pete De Boer and family are up near Ludington, Michigan, at Hamlin Lake just taking life easy. . . . Dan Klein and his committee are hard at work planning interesting meetings for our branch this coming year. We hope to have some news regarding our October meeting for publication in the September 15 issue.—*Thad Olechowski, Branch Correspondent.*

SOUTH SUBURBAN

Here I am back again bringing you the news of South Suburban after I was getting ready to quit and rest on my laurels. Have recently returned from a three weeks' vacation in Virginia to find a letter from Leonard Holt informing me that I have been reappointed branch correspondent for the coming year and that I am to have the assistance of two co-reporters, one each from Blue Island and Harvey. I must confess that it is a great pleasure to pass on news of events and personalities in our branch, but when there is nothing to pass on and the column has to be padded with all sorts of trivia just to make it one of reasonable length the job becomes a definite pain in the neck. In the future to give you something worth reading and to save me a pain in the cervical region, would all of you please send bits of news and information to the reporter in your town. . . . July and August, our two scorcher months, was also the time selected by the majority of our members for their vacations. Leonard Holt and A. W. Brookstra spent some time in Michigan boating and fishing, Holt up in Muskegon and Brookstra at his summer home in Holland. . . . Cliff Lyons of S. S. White Company passed on the word to me that on his last round of calls just about everyone was away on a pleasure trip. He said he should have stayed in bed. . . . Word is received that Taylor Bell is in France and that Tom Scanlon is still up in the Aleutians. . . . Our new president, Frank Tracy, has been busy during the summer organizing his committees so that we can look forward to a year of interesting and informative meetings. Let's all get behind him and have a swell turnout on the first Tuesday of each month. Sit down now and mark that day in your appointment books so you will be sure to remember.—*H. C. Gornstein, Branch Correspondent.*

WEST SIDE

We will start with news of the vaca-

tionists: Harold Gillogly and family are taking a month's vacation—a sort of variety type. They spent a comfortable week in Minnesota with the in-laws, a week at Waukesha taking the baths and two weeks fishing at Lake Lauderdale, Wisconsin. . . . B. T. Apke, spending his vacation at Erhard, Minnesota, reports that fish are so plentiful he has to hide behind a tree in order to bait his hook. . . . Earl Boulger left for a three weeks' vacation at Boulger Point, Canada (it is said, he owns the Point). . . . Irwin Jirka is in northern Wisconsin. . . . James and Mrs. Dillon spent a week at Lake Delavan, Wisconsin. . . . Sam Rakow is still convalescing at home and is coming along fine. . . . Joseph Porto has moved his office to the 14th floor in the Field Annex Building. . . . The V Mail letters written during our outing to some of our overseas members brought the following interesting responses: Lt. Commander Milton Traxler writes—Dear Friends: Was very happy to get your good wishes. Being stationed on this beautiful but primitive island, news from home is always welcome. I am attached to a base hospital. Our work is routine with plenty of time on our hands now. Six months ago we were the front line but now we are a thousand miles behind. We have been attending the movies every evening, some new ones and quite a few old numbers—all in all it helps make the time pass more quickly. I have had the opportunity to do some flying, a few trips up the line and a short leave in British Samoa, a three thousand mile round trip flight. Thanks again for your kind wishes and am really looking forward again to seeing you all in Chicago. Milton Traxler. . . . The other letter is from Capt. Louis Jacobson—Dear Friends: Many thanks for the letter from the West Side outing. It was good to hear from so many of you at once. I had a little accident, a chip fracture in the ankle, and was laid up with my ankle in a cast for a couple of weeks. But that is all over and I am o.k. now. I am still working away with the good old foot engine. The weather in Hawaii is

wonderful—warm all year around and very little change in temperature. It is now about 75° nights and 90° in the afternoon, in the shade, of course. The sun here is so penetrating and intense that two hours at noon-day will give anyone with an ordinary tan a real sunburn. I know, I tried it. Regards to all. Louis Jacobson. . . . Upon completing this column your assistant correspondent will pack his bag and head for the Grant Hospital for a slight overhauling.—*Ernest Brogmus, Assistant Branch Correspondent.*

WEST SUBURBAN

With the opening of school the summer vacations will be over and we can begin to gird ourselves for the winter. Our members are beginning to straggle home in earnest now with tall fish stories and dark coats of tan. . . . C. A. Hansen shuffled off to Buffalo on a Great Lakes cruise and is now back grinding again. . . . The farmers around Columbia, Tennessee, have been greatly impressed by the hybrid corn that Asa La Grow is growing down there. The state Agriculture Department representative pronounced it "best in the county." Asa contends that the straight row of kernels were attained without orthodontic intervention. . . . I suggest that next year the "Lake Geneva division of the West Suburban Dental Society" have a series of scientific meetings. Winfield Scott, Carl N. Pederson and Merle Long were all vacationing on the lake at one time. The annual pilgrimage of the Werner Gresens family to Fish Lake, Indiana, was cut short this year due to chronic lack of excitement. The last two days of the vacation were spent "at home." . . . Richard Anderson did some serious resting for two weeks at Paw Paw Lake, Michigan. He offers "swimming" as his major activity. . . . E. A. Prugh can't seem to get his name off the sick list. We hope that he will be back on the job soon. A short stay on this list was not enjoyed by Ralph Krause who is now back at work. . . . We are all heart-sick

to hear that Weston Olsen's recent visit home from his station at Corpus Christi, Texas, was made necessary by the death of one of his 2½ year old twin boys, Robert. We extend our sincere sympathy to him and his family.—*Karl von der Heydt, Branch Correspondent.*

ENGLEWOOD

Our first regular monthly meeting will take place on Tuesday, September 12. Program Chairman John R. Thompson wants everyone to remember that the scientific portion of the program will begin at 8:30 sharp. Dr. Stanley Tylman will speak on "The Application of Acrylic Resins in Restorative Dentistry." It is hardly necessary to add that Dr. Tylman is an outstanding teacher, lecturer, writer and researcher. He also has the gift of making his subject interesting. Mark your appointment book now and be sure to attend. Call Pullman 0444 for dinner reservations. . . . I. J. Kuzminsky began a demonstration in efficiency on Wednesday, August 16. He went through an operation at Michael Reese Hospital while having his vacation. If he returns home engaged to one of the fine nurses attending him, he will set a three in one record. . . . Edmund A. Werre and family are spending a three weeks' vacation in their summer home on Fox River (not to be confused with foxhole). . . . If the great statesmen who are entrusted with the destinies of mankind shared some of Gus Solfronk's foresight we would be spared some of our troubles. When dental assistants cannot be had for love nor money he has expert assistance all year round. His daughter, Betty, assists him while home from college and his wife assists the rest of the year. . . . Bernard Wygodski discovered both pleasures and benefits from membership in a health club. He is enthusiastic enough to recommend it to all dentists. . . . Ray Sauer is strutting proudly since the birth of his first grandchild, a boy. His son Eugene and wife, who are living somewhere in New York while he is

serving with the Armed Forces, are the new parents. . . . Jim Moran just returned from a two weeks' rest at Sister's Lake, Michigan. . . . E. W. Zagers sold his cabin cruiser. . . . W. C. Ball is at S. Becker's resort in Solon Springs, Wisconsin, for two weeks. . . . Harold Asher is spending Labor Day week-end at Ironwood, Michigan. . . . Lewis Ahner's son was home on a short leave. He is stationed in Florida with the Army Air Corps. . . . H. S. Feeney recently spent a twelve day leave with his wife and family. He is stationed at a Naval Air Base in Klamath Falls, Oregon. . . . R. J. Gates is planning a pheasant hunt for this fall in South Dakota. His young daughter accompanied him on a recent week-end of fishing and resting at Ludington and Charlevoix, Michigan.—*I. S. Pomerance, Assistant Branch Correspondent.*

KENWOOD-HYDE PARK

Deep in the Woods of
Upper Michigan

Dear Miss Nelson:

It is really a sacrifice to take time out at this time to write anyone. Fishing has been rather poor compared to former years up here but last night Dad and I found "the spot." So as soon as I finish this epistle, away we go again! We have no typewriter, newspaper, radio—just a shack, an outboard and fishing tackle—so I must impose on you, Miss Nelson, to type this for me and Kenwood. The news up here is just fish news (I caught a snake a mile out in the lake) and the fellows probably wouldn't believe me anyway. Just before locking up the office I managed to gather a few notes with the help of some of the boys. Harry Hartley spent the first week in July at Lake Geneva and is going back for more. Harry and Bob Wells attended a meeting at Mel Zinser's place in Delavan which consisted mainly of golf, dinner and cards. It is reliably reported that Kenwood won most of the money. Louis Prendergast spent a couple of weeks in Minnesota somewhere in the neighbor-

hood of St. Paul. Lawrence Mullineaux recently returned from California. Capt. and Mrs. Les Butler are now in Denver. Lt. Hub Mitchell is a steady correspondent from New Caledonia and reports that he is so impressed with the beauty of the place that he is spending considerable time with pigment and oil, and plans to bring home a number of paintings. Mort Isay is "away." A. M. Bressler vacationed around Madison. Lt. Arnold Frisch has been transferred from Great Lakes to the west coast. Bob Wells and his two boys fished in Wisconsin for a couple of weeks and spent one week loafing at home. Treasurer Larry Johnson at last has been released from the confines of his cast and from all indications will be in circulation again very soon. Sorry, this is all the time I can spare. I can see the fish jumping in the lake, so off I go!—*Willard Johnson, Assistant Branch Correspondent.*

NORTH SIDE

The long hot summer wanes, and following Labor Day most dentists will be back on the job, all set for the busy autumn season. In line with the nationwide Physical Fitness program which starts September 1, every dentist should look to his own health, get some outdoor exercise in order to keep physically fit, and take care not to overwork these hectic days. . . . Dr. O. W. Kopp was host to the Phydent Club at their recent golf tournament at Knollwood Club, Lake Forest. . . . Many of our men have returned from vacations, others are going and will be away into September. . . . William Young and family motored to Manitowish, Wisconsin, and later to Ishpeming, Michigan, spending two weeks. No golf, no fishing, but just peaceful rest. Incidentally, Bill says very soon we must give up being golf-minded and turn our thoughts to bowling for recreation. This coming season he wants several additional players for the teams, so make up your mind if you want to spend Wednesday afternoons with a jolly bunch. . . . Fred Scambler and family passed two

weeks in scenic Colorado. Among other places they visited Estes National Park. Like many others, Fred avers that Colorado is a wonderful spot for a restful vacation. . . . Our vice-president, Ed Luebke, is spending the final days of August and until after Labor Day at Shawano, Wisconsin. Ernie Kuhlmann and family are motoring to Wisconsin, and Harold Blohm and family are making a trip similar to last year—motoring to Manitowoc, Wisconsin, then ferrying into Michigan. . . . Well now boys, how about a little report on the fishing? . . .

Arthur Lind has a summer cottage at McHenry, Illinois, where he and his family spent the month of July. A nice garden, some golf, a little fishing, made up a pleasant and happy month. . . . Harry Forslund is at Whitefish Lake, Michigan, for two weeks. . . . Bill Grabow had a hard tussle with pneumonia and was away from his office a full month, but is now improved and back at the chair. . . . We hope to give you a report of the highlights of the golf meeting in the next issue.—*Z. D. Ford, Branch Correspondent.*

NEWS AND ANNOUNCEMENTS

GASTRO-INTESTINAL AILMENTS EXPECTED TO INCREASE

Nervous tension and war jitters are expected to keep American physicians busy in the post-war period according to Dr. Sarah M. Jordan, president of the American Gastroenterological Association. This organization held its 46th convention at the Drake Hotel in connection with the annual meeting of the American Medical Association.

The anxieties of the home front such as the financial burden of taxes, the troubles of renegotiation, the adjustment of rationing rules etc., will have their effects on civilian digestion resulting in the increase of such ailments as ulcers and cancers in Dr. Jordan's opinion.

FLUORINE AND DENTAL CARIES SUBJECT OF NEW YORK MEETING

The New York Institute of Clinical Oral Pathology announces its first open meeting to be held at the New York Academy of Medicine on Monday evening, October 30, 1944, in Hosack Hall. Outstanding investigators will participate in a symposium on "Fluorine and Dental Caries."

Members of the medical, dental, public health, and other professional groups are cordially invited. For further informa-

tion address all communications to the Executive Secretary, 101 East 79th Street, New York 21.

DELTA SIGMA DELTA TO HOLD OUTING

The Chicago Auxiliary Chapter of Delta Sigma Delta will hold a golf and sports outing Wednesday, September 20. The Medinah Country Club on Lake street, west of Elmhurst, has been secured for the occasion. Reservations may be made by calling Dr. Russell Boothe, chairman of the committee, at Longbeach 1283.

ATTENTION DENTAL ASSISTANTS

The Chicago Dental Assistants will hold their first meeting of the year on September 10 at Thatcher Woods, Thatcher and Chicago Avenue. It's to be a picnic—the good old fashioned kind with baseball, games, prizes, dancing and wiener roast.

Our president, Ruth Bates, would appreciate each member sending in her reservation card as soon as possible so that her committee can complete arrangements. Wouldn't it be grand to have 100 per cent attendance?—*Elizabeth Drennan, Publicity Chairman.*

Wanted: Laboratory man or assistant with some laboratory training. Loop office. Top salary. Call Central 1823.

ARE NON-ACCEPTED DENTIFRICES POTENTIALLY HARMFUL?

The profession and the public do not know, from one day to the next, what ingredients, harmful or otherwise, an unaccepted dentifrice may contain. The law does not require that ingredients be revealed. The formulas for such products are usually changed without notice to the public, the profession or the government.

Advise your patients to use only dentifrices which bear the Seal of Acceptance of the Council on Dental Therapeutics.

SURGICAL APPLIANCES INSPIRED BY VITALLIUM IN DENTISTRY

VITALLIUM LAG SCREW
Henderson Type

"Vitallium in Bone Surgery with Particular Reference to its Clinical Irritability," Cameron, D. M. and Henderson, M. S. Proceedings of the Staff Meetings of the Mayo Clinic, 15-36, Sept., 1940.

The Henderson Lag Screw of Vitallium is used by surgeons for fractures of the neck of the femur. There is no irritation to bone or soft tissue; no discoloration or staining of the structures. This intricate appliance is a marvel of precision casting and a tribute to the Microcast Technique developed and perfected for processing Vitallium full and partial dentures for the dental profession.

*"Young man,
my dentures
FIT!"*

*Indeed they
do Doctor,
but...*

**... here's why Denture Powder
helps DENTURES THAT FIT!**

In much the same way as
the shock absorber on

the landing wheels of a
Flying Fortress accepts, ab-
sorbs and dissipates the
shock, so Dr. Wernet's
Powder supplies a soft,
protective, resilient cush-
ion. It accepts, absorbs and
dissipates the shock of the
excess bite, preventing in-
jury to the ridge or tissues.

**Why more Dr. Wernet's Denture Powder
is used than any other in the world**

SOLUBLE—Because Dr. Wernet's is completely soluble, free of foreign matter, it sets up a resilient cushion that permits denture to ride close to tissues . . . does not establish bulk to destroy perfect fit.

NON-INCORUSTATING—Daily cleaning will dissolve and remove *all* traces of Dr. Wernet's, leaving no residue to incrustate in ridge areas. Insoluble powders can set up uneven pressure, cause mal-occlusion, the forerunner of dread pendulous tissue.

PURE, NEUTRAL—Chief ingredient in Dr. Wernet's Powder is so pure it is used universally as a binder in ice cream. Dr. Wernet's is harmless if swallowed, can not interfere with digestion, is not acid nor alkaline. **FREE SUPPLY** on request: Wernet Dental Mfg. Co., Dept. 84-J 197 Baldwin Ave., Jersey City 6, N. J.

**Dr. Wernet's
POWDER**

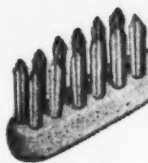

Adapts the Patient to the Denture

It's no secret
that many of the most
successful dentists

... use this simple
**PSYCHOLOGICAL
TECHNIQUE:**

Proper tooth brushing instruction
pays ... builds good will for you every
morning and every night. A change of
technique, plus a change of powder
and brush, impresses the patients ...
makes the new technique important.
The Py-co-pay Tooth Powder and
Brush are seen, touched, tasted,
smelled ... involving four of the sev-
eral senses ... recalling you and your
instructions twice each day!

PY-CO-PAY

TOOTH BRUSHES AND TOOTH POWDER

It is a Joy to Work with Gold

and doing so saves precious time for you and for your patient. Gold, a truly noble metal, is accepted by every patient as being "quality"—deserving of your confidence because of its exceptional properties.
